HEARST PRODUCES MANY LETTERS TELLING STANDARD OIL ACTIVITY

(By Associated Press)
WASHINGTON, Dec. 17.—William R. Hearst produced today before the senate committee investigating campaign funds, several new letters bearing upon the alleged political activities of John D. Archbold of the Standard Oil company. Hearst said he knew nothing of the incidents related in the letters or of circumstances under which Archbold might have sent money to former Senator Foraker of Ohio and former Representative Sibley of Pennsylvania, to whom some of the letters were addressed. One letter referred to a projected loan of \$50,000 to Foraker which he had been informed had been paid.

NIGHT AT THE MINERS' EX-
CHANGE HALL

Friday evening all Tonopah will contribute for sweet charity's sake. On that night the Elks annual charity ball will be given at the Miners' Exchange hall and the dance lovers of this city will be afforded an opportunity to enjoy themselves to the utmost. The full Casino orchestra—reckoned as the best musical aggregation in the west—will furnish the music for the evening, arrangements having been perfected several days ago.

In practically every city in the United States which boasts of an Elks lodge, the annual charity balls are deemed the social events of the season and are always well attended. The affair in Tonopah will be up to all expectations and a handsome sum is expected to be realized which will be used for charitable purposes.

The committee from the Elks in charge of the affair is composed of James J. McQuillan, chairman; I. F. Davis, R. B. Royer, Ed Wilson, Ross Condon and Ben Condon and every member is laboring untiringly for the success of the ball.

SHERIFF REGAN OF ORMSBY HAS LOCATED HERE

PURCHASES CARR AND BECKLEY
SALOON AND WILL LIVE
HERE AFTER FIRST

Ed Regan, sheriff of Ormsby county, who arrived from the north Sunday morning, yesterday purchased the Carr and Beckley saloon, which he will conduct personally as soon as his term of office expires. Regan will leave the sheriff's office at Carson on January 7 and in the meantime he will straighten out his affairs at the capital and move his family here as soon as he is freed from his official duties.

The Carr and Beckley saloon is one of the oldest resorts in Tonopah. For years it was known as the Original Package and was first managed by the late Curley Graham. Regan is thoroughly familiar with the saloon business and under his personal management will make the place one of the most popular resorts in this camp.

Seven Days Remain Before The Christmas Date Arrives

But seven days remain before Christmas will be on hand. Strange as it may appear Christmas always falls on the 25th of December and this month the customary date will be observed as a holiday. Holiday shopping is now being indulged in, although in a few instances wide awake people secured the cream of the market by making their purchases earlier in the month.

The rush by belated shoppers to secure presents for friends and near friends might be termed as being in full force at the present time. Many bargains are to be found, providing the shoppers take the time. One of the best methods in finding bargains is to glance through the columns of the Bonanza and read the advertisements of the up-to-date business houses which are exploiting their wares with the assistance of this paper. That the merchants have faith in their goods is proved by the fact that they are advertising them.

Shoppers should read the Bonanza each evening and then make their selection as to what business places they will visit the following day. Get the habit and join the army of Bonanza shoppers. You will save money in the end.

SECURES HUGE BLOCK OF STOCK CASH BOY LEASE

IDAHO MINING MAN BECOMES
INTERESTED IN TONOPAH
MINING PROPERTY

After spending a few hours looking over the mining workings of the Tonopah Mining & Leasing company, operating a three-year lease on the Cash Boy property, A. S. Ross of Idaho, prominent in railroad and mining circles of the northwest, has acquired a large interest in the leasing company. Ross visited Tonopah Sunday with E. H. Mead, secretary of the company, and that afternoon inspected the workings of the leasehold and also the Merger property. At the conclusion of his trip of inspection he acquired the interest in the property, securing a huge block of stock.

The shaft being sent down by the company has attained a depth of 620 feet and a decided change in formation has resulted. Small assays are now secured from the rock being traversed, which is impregnated with quartz stringers. That the company will strike the continuation of the Merger vein is the belief of all mining engineers who have examined the two properties.

STORY PRINTED IN COAST PAPER NOT TRUTHFUL

FALSE REPORT IS MADE CON-
CERNING COUPLE LIVING AT
MANHATTAN

Several days ago the Bonanza printed an article credited to the San Francisco Post regarding a suit against William Bryant and his sister-in-law, Marie Bryant. The article declared that Bryant had eloped with his sister-in-law and were living at Manhattan.

From reports received from Manhattan it appears that the story is erroneous, as Bryant and his wife are residing at Manhattan, while his sister-in-law is employed in one of the hotels at that place. The San Francisco writer evidently strayed from the facts when he penned the story.

PEARS TO HAVE BACKING

MINER FILES SUIT AGAINST BELMONT CO.

IF HE WINS HE CAN SET UP HIS
OWN PRINCIPALITY IN
EUROPE

In a suit filed in the Reno court Peter Zelavyn, a miner formerly in the employ of the Tonopah Belmont Development company, damages of \$15,037.50 are asked in two separate causes of complaint against the company.

It is alleged that the company permitted some loosened rock to remain untimbered on the 1300-foot level where Zelavyn was working as a machine driller, and that as a result the rocks fell upon Zelavyn cutting him about the head and arms, causing injuries which required 145 days to heal. It is further charged that the left arm was left paralyzed as a result of the accident and that Zelavyn is no longer able to pursue his calling as a machine driller.

In the first cause of action the prayer is for damages in the following amounts: For loss of time, \$652.50; expenses of illness, \$700; mental suffering, \$5000; physical suffering, \$5000; loss of earning capacity, \$30,000; punitive damages, \$500.

For a second cause of action it is alleged that the company physician, Robert W. O'Neil, failed to discover the fact that the cut in the left arm crushed a nerve and for not preventing the healing of the member in such a way as to cause paralysis and permanent disability further damages of \$28,685 are asked in the prayer following this portion of the complaint.

WORK STARTED ON BUILDING OF ODD FELLOWS

LOCAL FRATERNITY WILL SOON
BE MEETING IN ITS OWN
QUARTERS

The Tonopah lodge of Odd Fellows will soon be quartered in their own home, as a force of workmen started this morning repairing the Bass house, which was badly damaged by fire in July. The building is a two-story stone affair and will be thoroughly remodeled inside. The work is being carried out by Albert Johnson who received the contract recently awarded.

The lower floor will be devoted to offices while the second story will be used as a lodge room. An extension will be constructed in the rear for ante rooms and also for the storing of regalia. The extension will be of wood construction.

The Odd Fellows purchased the building from Mrs. Eugene Howell shortly after the fire and have formed a building association.
